

## Ameer Hamza

**Nationality:** Pakistani **Date of birth:** 03/12/1996 **Phone:** (+92) 3237426165

**Email:** [code.believers@gmail.com](mailto:code.believers@gmail.com)

**Home:** Street no. 9 Bostan Colony, Qainchi Amar Sadhu, 05450 Lahore (Pakistan)

### ABOUT MYSELF

Experienced **Senior iOS Developer** with a solid track record of building high-quality, scalable mobile applications. Skilled in Swift, UIKit, Objective-C, SwiftUI, and Dart. Holds a Bachelor of Science (BS) in Computer Science from the University of Sargodha, with a strong foundation in software engineering principles and mobile architecture.

### WORK EXPERIENCE

#### **Joblogic** – Lahore, Pakistan

City: Lahore | Country: Pakistan

##### **Senior Mobile Application Developer**

[ 10/10/2022 – Current ]

##### **Key Responsibilities & Achievements:**

- Developed and maintained iOS app using Swift, Objective-C, MVC, MVVM, MVP, Clean Swift, and Core Data
- Worked on Flutter app using Dart, Clean Architecture, and GetX
- Worked on WebView module using HTML, CSS, JavaScript, and MVC
- Refactored legacy code for performance

##### **Tools & Skills Gained:**

- JIRA, Azure DevOps, Git
- SwiftUI (personal projects)
- Cross-platform and clean architecture expertise

#### **YummyApps** – Lahore, Pakistan

City: Lahore | Country: Pakistan

##### **iOS Application Developer**

[ 01/09/2021 – 30/09/2022 ]

##### **Key Responsibilities & Achievements:**

- Built applications using Swift and UIKit
- Maintained and enhanced functionality in existing apps
- Utilised Core Data for persistent local storage
- Applied MVVM and MVC architecture patterns
- Worked with cross-functional teams for delivery and QA

#### **Vespertech** – Gujranwala, Pakistan

City: Gujranwala | Country: Pakistan

##### **iOS Application Developer**

[ 01/05/2019 – 31/08/2021 ]

##### **Key Responsibilities & Achievements:**

- Developed and maintained iOS apps using Swift, Objective-C, and UIKit
- Applied MVC and MVVM architecture patterns
- Implemented features like In-App Purchases, WebSocket communication, and Google AdMob
- Integrated RESTful APIs and created UIs using XIBs, Storyboards, and AutoLayout
- Focused on app performance optimization and bug fixing

## PROJECTS

---

### Joblogic

Joblogic is a SaaS-based Field Service Management (FSM) software suite designed to streamline operations, manage field teams, and enhance service delivery.

Joblogic

Tech: Swift, ObjectiveC, MVVM, MVP, Clean Swift, Core Data, SQLite

Joblogic Flutter

Tech: Dart, MVVM, Clean Architecture, GetX

Joblogic WebView

Tech: HTML/ CSS/ Java script, MVC

Link: <https://apps.apple.com/pk/app/joblogic/id1084286430>

### Family Time

A parental control app with advanced monitoring and blocking capabilities to help parents manage and safeguard their children's digital activity.

Family Time Parental

Tech: Swift, Objective-C, MVC

Family Time Jr.

Tech: Swift, Objective-C, MVC

Links: <https://apps.apple.com/pk/app/familytime-parental-controls/id981066103> | <https://apps.apple.com/pk/app/familytime-jr/id1002010477>

### Lagom

A parental control app with advanced monitoring and blocking capabilities to help parents manage and safeguard their children's digital activity.

Tech: Swift, UIKit, MVC

### Alfalah

An Islamic lifestyle app offering features such as the Quran, daily prayers, duas, Qibla direction, and an Islamic calendar to support spiritual practice and daily worship.

Tech: Swift, UIKit, Core Data, MVVM

Link: <https://apps.apple.com/pk/app/joblogic/id1084286430>

### Jalsah

A social interaction app enabling real-time chat, interactive challenges, and engaging games to connect users and foster dynamic communication.

Tech: Swift, MVVM, UIKit, Google AdMob, Custom Animations

Link: <https://apps.apple.com/pk/app/jalsah-جلسة/id1106410643>

### Get An Expert

A service marketplace app that connects service providers with clients, enabling seamless booking, communication, and transactions.

Tech: Swift, MVC, Firebase, Chat, Audio/Video Calls, Agora, Online Payment through Stripe

### Quokka

A social matchmaking app that connects users through one-minute voice calls, fostering quick and meaningful interactions.

Tech: Swift, UIKit, MVVM, WebSockets

### Scanner App

A utility app for document scanning, editing, and PDF generation, designed to streamline digital document management.

Tech: Swift, MVC, Core Data

Link: <https://apps.apple.com/pk/app/scan-ner-app/id1291962681>

### Doc Scanner

A utility app for document scanning, editing, and PDF generation, designed to streamline digital document management.

Tech: Swift, MVC, Core Data

### Community Maker

Write here the description...A social app that allows users to post and respond to help requests within their local communities, fostering support and connection.

Tech: Swift, UIKit, MVC, Deep Linking

### SKU Scanner

An inventory management application that allows users to manage stock, generate and scan barcodes, maintain records, and create detailed reports for tracking and analysis.

Tech: Swift, MVC, BarCodescanner, BarCode Generator, IoT

### Azzida

A grocery store app where sellers can list products, customers can place orders, drivers handle deliveries with live tracking, and payments are processed online.

Tech: Swift, UIKIT, MVVM, Google Maps, Online Payment through Stripe

## SKILLS

Swift / IOS (Objective-C, Swift) / Swift (SwiftUI, UIKit) / Flutter Basic Skills / Git & Githubs / Clean / CoreData / MS Office / DATABASE : SQL, SQL Lite / Firebase: Firestore, FirebaseAuth, Firestore, RealTime database / Dart programming language / In App Purchases / Rest API / MVC / MVVM / MVP / Web Sockets

## EDUCATION AND TRAINING

---

### Bachelor in Computer Science

**University Of Sargodha** [ 01/10/2017 – 30/06/2021 ]

City: Gujranwala | Country: Pakistan

### Intermediate (with Maths)

**Superior Science College** [ 01/09/2013 – 31/07/2015 ]

City: Gujranwala | Country: Pakistan

### Matriculation (with Computers)

**Govt. Comprehensive High School** [ 01/05/2011 – 30/06/2013 ]

City: Gujranwala | Country: Pakistan

## LANGUAGE SKILLS

---

**Mother tongue(s):** Urdu

**Other language(s):**

**English**

**LISTENING** C1 **READING** C1 **WRITING** C1

**SPOKEN PRODUCTION** B2 **SPOKEN INTERACTION** B2

*Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user*
